GENERAL CATALOGUE

2023

DESIGN & QUALITY
OF SWEDEN

EVERYTHING FOR YOU AND YOUR EXHIBITION

Whether it's your first fair or your hundredth, we can offer you a display and exhibit system that suits your needs. Maybe you´re looking for a smaller effective stand with a nice first impression? Or perhaps you are looking to create an extraordinary impression with a significantly larger stand.

Our experienced teams of specialists help you find a solution that suits your location and area, as well as preferences and budget. And our inspirational 3D design sketches are always free of charge!

ALL SIZES, COLORS AND FORMS

Our exhibition systems and displays are provided with the latest in display cloths, colors, shapes and printing technology – for fabric, laminated panels, lightweight discs, etc. That´s our way of exposing your brand in the best possible way!

"IT HAS TO BE SIMPLE AND WITH QUALITY"

SHORT OF IDEAS? WE KNOW HOW TO BOOST YOUR EXHIBITION STAND!

Using our 3D CAD program, you will get an opportunity to see your display stand before we start manufacturing. And we will keep changing the design, for free, until you get completely satisfied! With 30 years of experience, we know how to go to the extra mile for a booth design that matters.

FULL SERVICE

We will ensure that your booth and exhibition are in place at the right time including financing, transportation, installation, assembly as well as disassembly and storage after your trade show.

Just tell us where and when, and we'll take care of the rest.

A booth that suits your needs

WE ADAPT TO YOUR NEEDS

We can work with your internal design team, team up with your advertising agency or printing company.

We are truly flexible, fast and always set for the best result.

SUSTAINABLE SCANDINAVIAN DESIGN

Our products are developed through a solid craftsmanship, which means we can offer the best guarantees.

If something goes wrong in the process, then you can count on our problem solving – as we have extensive experience and know that every minute count when you attend a fair.

ISOFRAME® WAVE

SHAPE YOUR DISPLAY AS DESIRED

These are alternative ISOframe Wave layouts showing different shapes of a 6-section display wall.
The world´s first fully flexible display & exhibition system.

GENERAL INFORMATION

- Standard width for all single sided modules are 80 cm (except Graphic wings).

- Standard heights for all modules are 227 cm (Midi) and 247 cm (Maxi). Towers 277 and 297 cm.

- All modules are for single sided graphics use if not otherwise indicated.

- All modules apart from the Wave Flexi-Link modules contain fixed horizontal beams.

- All modules include "Kickers & Hangers". Magnetic tape for the graphic panels are not included.

- A "Starter module Ⓢ" has 2 vertical posts/feet, an "Extension module Ⓔ" has 1 vertical post/foot.

- Each ISOframe wall should include 1 "Starter module" only and the desired number of "Extension modules"

The ISOframe exhibit modules presented here are easy to assemble. However, as a guideline we have divided the different modules and stand designs into three "assembly levels":

① LEVEL 1 – NOVICE
Basic exhibit modules. Easily self-built from assembly instructions.

② LEVEL 2 – INTERMEDIATE
More advanced exhibit modules. Prior assembly/product training recommended

③ LEVEL 3 – ADVANCED
Custom designed stands and special solutions. Contact us!

FLEXI-LINK MODULES ①

The patented Wave Flexi-Link can flex 180 degrees each way in the horizontal position, yet the structure remains unbelievably strong and stable.

Door module - straight, type B Ⓢ
Midi **IS-9456-1** | Maxi **IS-9456-2**

Door module - curved 30°, type A Ⓢ
Midi **IS-9418-1** | Maxi **IS-9418-2**

Type A

Type B

Choose between doors of Type A and Type B depending on the angle in which the door is connected to the wall. Type B is connected on one side in 90 degree inner angle to the wall.

Doors require an extra stable display configuration for proper funtionality. We recommend adding a "Door stabilizing kit" for Type A doors.
Item IS-9319

STORAGE ROOM MODULES 👥2

The storage rooms are built up with front walls only. In case you want a fully closed room with back walls (= four walls) contact us.

ISOFRAME COMPACT

This ISOframe Exhibit Wall is ideal for more permanent set-ups in receptions, entrance halls, showrooms etc. It is sufficiently strong to accept multiple accessories such as LCD screens, iPad holders, leaflets holders etc. The backwall can be extended or reduced in size to suit individual sites and needs.

ISOframe incorporates our patented FASTclamp connector to connect the posts, beams and end sections of the system instantly, without tools.

A modular system with design and stability in focus!

Design: Curved
Size: 240 (w) x 227 (h) cm

Exhibit Compact Wall **IS-9580-1**

ALUMINIUM SLATWALL SYSTEM

The aluminium slatwall profiles are slotted into the regular ISOframe posts and fit all 800 mm wide modules. Each slatwall panel has 3 slots for holding one pair of shelf brackets. Add as many slatwall profiles on top of each other as desired and add corner trims accordingly. Attach a straight beam, item IS-800-BS, over and under the slatwall profiles to hold them in place. For stability reasons use slatwall panels together with "Table modules" and "Showcase modules" only.

ISOFRAME® FABRIC

EASY ASSEMBLY

Each frame corner is joined with 4 FastClamps

Each length is joined with 1 Fast Clamp

The feet have twist-in connectors

The twist lock connectors make it fast to built up

Easy mount the fabric panel with the PVC edge strip

STANDARD FRAMES

The kits include aluminium profile lengths, which are joined together with our unique FASTclamp connector to build the frame. The profile lengths in our standard frame kits are available in 27, 47 and 100 cm for maximum transportability. No screws or tools are needed to assemble the frame.

Vertical and horizontal support posts are included. One foot support, item IS-9058, for each base length is included. Add corner profiles, door and more stable feet if desired.

Frames can be used both single- and double sided.

CUSTOMISED FRAMES

Fabric frames can be produced in special sizes to order.

See our price list or contact us for more informaton!

COMPLETE TRADE SHOW STANDS

Here are some examples of self-build exhibition stands with the ISO–frame Fabric system. Different floor areas and with one or two sides open. The screw connector, item IS-9613, has been used for connecting the frames and the stands are meant to be used with single-sided graphics. The header frame is connected with 90° corner posts, for double sided graphics. Add spotlights, media screens, literature holders, transport bags etc. Contact us if you need any help and more ideas on how to design your new Fabric stand.

1 x 2,5 m 80056
Easy to assemble and tool-less. Every part is marked with numbers to easily know where to place it. Means no more struggle with nuts and bolts used on other systems.

Attractive and safe bag for transport. The wheels make it simple to carry or to pull along. Travel easy and safe.

Make a big impact on low voltage. These backlit displays rely on strong LED lights.

ISOFRAME® LIGHT BOXES

The ISOframe backlit displays will turn your regular graphics into beautiful and eye-catching displays with rich and vibrant colours. Connect the light boxes to an ISOframe wall or use them as free-standing or wall-hanging displays for increased visibility. The light boxes are designed for flat packed shipment and are easily assembled at the place of use.

ISOBAR™

The Mark Bric ISOframe program includes a modular system of large reception counters, which can be individually designed to fit any reception area or trade show stand. Choose one of our complete counter units – straight or curved - with wooden top and inner shelves in grey finish, or customize your counter by combining different counter sections into a unique shape. All of our reception counters offer a stylish solution at a reasonable price, with no compromise on quality.
STANDARD COUNTER UNITS

Complete with framework, wooden top, base and one inner shelf per section.
Add magnetic tape for graphic panels.

3-section straight desk
Size: 240 x 54 x 105 cm

4-section 30° curved desk
Size: 276 x 106 x 105 cm

3-section corner desk
Size: 134 x 134 x 105 cm

USE CARDBOARD BOX FOR TRANSPORT

All ISObar modules (vertical posts and wooden shelving) are delivered in our shock-proof and re-usable cardboard boxes.

We recommend you to always transport the counters in these boxes. Use the Graphic tubes for the rollable printed panels.

Fabric bag for the vertical posts. Included in the cardboard box.

ISOFRAME COUNTERS

Elegant and robust counter units with wrap around graphics. Extremely easy to assemble thanks to our unique FASTclamp connectors.

SHOWFLEX™

ShowFlex tension fabric displays feature a unique folding frame design and are as easy and quick to use as an umbrella. Attach a hi-res printed polyester stretch graphic, which is attached and stays on the system so you get a complete exhibit backwall up in less than 30 seconds. The unit weighs around 5 kgs only and is easily transported in our padded carrying bag. A hard flight case is sold as an extra accessory.
ShowFlex comes in three different shapes: Square, portrait and landscape. All with a total graphic area of around 5 sqm.

FLEXIFRAME®

Flexiframe is a modular framing system and a unique invention from Mark Bric which has been on the market now for more than 35 years. As the brand name indicates, by using different sizes, colours, shapes and combination of frames, the display possibilities are endless - from a single frame to a complete exhibition stand. A truly economically priced display product!

COMPLETE TRADE SHOW STANDS

MORE SHOW FOR LESS MONEY

Maybe you do not want to spend a fortune on your next exhibition or public presentation. What you need is just an easy-to-use and attractive system to do the job. With Flexiframe's amazing range of sizes, shapes, colours and frame-combinations the system can definitely save you money. Flexiframe's exhibition stands are certainly the right choice.

LINKUP™ OR SHOWUP™

Choose between the LinkUp and ShowUp models for building Flexiframe exhibition stands and backwalls. LinkUp uses metal connectors to join the frames, ShowUp uses poles and clips.

SNAPPYFRAME™

The attractive Mark Bric Snappy Frames will display your posters and prints to maximum effect. Elegant aluminium profiles, with the traditional front-loading snap function, make up the frame.

FIVE YEAR WARRANTY 5 Mark Bric Display

70 x 100 cm	**80505**
50 x 70 cm	**80504**
A1 (59,4x84,1 cm)	**80503**
A4 (21x29,7 cm)	**80500**

EVENT TENTS

Our new Event Tents and our Promotion flags are excellent combos for most outdoor events and exhibitions. The high quality tent structure consists of 40 mm square aluminium tubes and comes in a transport bag. The tents are offered including print in waterproof Supertex and polyester printing fabrics.

Floor area: 300 x 300 cm.

Tent with ceiling only **10215**
Tent with ceiling and 3 walls **10216**

PROMOTION FLAGS

For advertisement outside shopping malls, auto retailers and petrol stations, at sport events and grand openings, on the beach, at trade shows, along roadsides etc. the "Promotion Flag" is the perfect messenger. Its movement with the wind makes it much more eye-catching as compared to a fixed message. Use a number of flags in a row and create a walk way of promotions.

Two flag designs
(Teardrop and Wing)

- Four flag pole heights
- Top quality hardware
- Extra stable foot bases
- For long-term outdoor use
- Padded carrying bag
